### **OUTDOOR PLAY, CAR TRANSPORT, PHOTOGRAPHY/VIDEO & EMERGENCY CARE**

#### **Outdoor play**

Whilst your son or daughter is in our care, he/she will be in the countryside and/or in our garden using equipment which involves some level of risk. We take care to assess each child's abilities and also talk with him/her about what risks there are with their play and how to minimise the risks.

Examples of the activities we do are:

- Whittling sticks using peelers (e.g. 5-7yr olds) or for older children and young people a whittling knife, sawing a hazel pole with a hand saw - all with guidance and supervision.
- Swinging on a rope swing, that we put up on the day, from a tree
- Playing on equipment we have built ourselves e.g. dens, climbing frames
- Using small fires for cooking and charcoal making

Please could you sign above if you are happy for your child to use/play on the above equipment.

We use **photography, video** for reflective and marketing purposes. If you do not want your child to be recorded we will happily oblige. Please indicate here:

**Transporting children.** Whilst children are in our care it may be necessary to use our Landrover and the host car to transport them to a planned activity. Seat belts are fitted for all passengers. They are a mixture of lap belts and cross-over strap belts.

**Emergency care.** In the event of my child having an accident I give permission for you to take my child to hospital and to seek emergency aid.

#### **Our registration and insurance**

The parents of the party child act as 'in loco parentis' and we are insured for activities with Institute of Outdoor Learning.
